### Sunday June 5th

### Note

- Only electrical fencing, no “mechanical”/steam
- In foil the conductive bib of the mask is mandatory in the Netherlands also for the youngest youth categories since September 1st 2010, so also in the Korenbloem tournament.

Benjamins may enter the Pupils competitions with the use of longer weapons (5). A short weapon (0) is still allowed though. Please refer to the “Required material” section for details. Such a choice to enter the competition in a higher category has to be specified on entering the tournament (see the entry form). We may combine boys and girls in the same competition to have enough participants in each competition. We may also combine Benjamins and Pullets if the separate competitions do not all have enough participants.

### Entry fee

€ 15 per competitor for Dutch as well as for foreign fencers.

### **Competition formula**

The competition formula depends on the number of participants per category. The final formula is decided and announced on the morning of the competition.

Our intention is to provide everybody with the opportunity to fence many bouts with 2 preliminary rounds (pools) with everybody qualifying followed by a direct elimination without repechage.

The Benjamins and Pullets will fence to 4 hits in 3 minutes and in the elimination to 10 hits in 2 x 3 minutes.

### **For both days the following applies**

Everybody basically fences in his/her own age category. It is possible to compete in a higher age group. This should however be mentioned explicitly in the entry form in "Category of participation".

Depending on the number of participants categories may be combined. Also boys and girls especially in the younger categories. The final categories will be announced at the day of the competition.

The prizes consist of medals and trophies per weapon, age group and gender.

### **Entry**

The entries have to be received before **Friday May 27<sup>th</sup> 2011 (23:59)** . Entries are valid and accepted only when confirmed by the tournament organiser. This can be done either by email, by telephone or by showing the entry on the website. We appreciate a preliminary entry of all fencers known to be participating at least 2 weeks before the entry period is closed so we know in time how many participants to expect. That way we can still make adjustments to the tournament and at the same time we can spread out the work in handling the entries over a longer period. Changes after the preliminary entry are of course possible until the entry period is closed, but in that case we would appreciate it very much if you would clearly highlight what is changed exactly.

The tournament website is <http://www.stichtingkorenbloem.org> .

We will try to keep the list of officially entered participants up to date in the website. Please check if your name and details are mentioned correctly and in the right competition as soon as your club has entered you with us.

Entries can be submitted in the following ways, always using the Korenbloemtoernooi Entry Form (see the website), completely filled in.

- Via email: [inschrijving@stichtingkorenbloem.org](mailto:inschrijving@stichtingkorenbloem.org)

### **Referees**

Referees are invited by the organizers, so there is no formal obligation for clubs to supply referees. As we need many referees any spontaneous submissions are welcomed though. In this case please provide the name and contact details in the entry form so we can plan with these referees.
