Women's Sabre: GP 20-21.03.2008, TEAM 22.03.2008

Men's Sabre: GP 22-23.03.2008, TEAM 24.03.2008

**2) 2007 World Championships**

**Wireless foil**

As a result of the comments made by Mr Dos Santos and Mr Kralik, the company STM coordinated with the company Allstar and made the necessary changes to the wireless apparatus so that its use no longer presents any problems. Tests were carried out with Mr Dos Santos, the President of the SEMI Commission, present. Following the positive report of Mr Dos Santos, the Executive Committee is in favour of using the wireless apparatus at foil (in addition to sabre), from the beginning of the St. Petersburg World Championships onwards.
