* [Counts for the Belgian National Circuit](#)

Competition format

- For the International Youth Fencing Cup Epee, official competition formats will be used.
- In planning the format will be one poule round followed by direct elimination.
- The Technische Directie (DT) reserves the right, without right of appeal, to modify those formulas according to the number of entries and conditions of the day.

Referees

- Each club is required to send a referee for every 4 fencers (for the whole of the competitions). As of 9 fencers two referees are required, as of 13 fencers three referees are required.
- The referees should be licensed and qualified by their federation or by the FIE.
- The names and qualifications of the referees are to be communicated before closure of the inscription (20/02/2018 at 23:59). Non-compliance to this rule will cancel the inscriptions of the fencers.
- The referee's presence is mandatory between the first call of the competition in which the club has participants until the end of the last competition in which the club has participants or until they are dismissed by the Technical Direction (DT). Non-compliance to this rule will lead to a fine of € 125 for each absent referee. This fine will be transmitted to the club in default.
