FEDERACIÓ CATALANA D'ESGRIMA

REAL FEDERACIÓN ESPAÑOLA DE ESGRIMA

PRESENTATION

On the 3rd, 4th and 5th June, 2005 the XXIX edition of the World Cup Women's Epee competition "CIUTAT DE BARCELONA" is to be held once again with Grand Prix status.

The Catalan Fencing Federation and the City council of Barcelona, in collaboration with the Royal Spanish Fencing Federation are organizing this prestigious competition in which 191 fencers from 33 different nationalities took part in last year's event.

The "Ciutat de Barcelona" competition has its origins in the 60's with the organisation in Barcelona of various epee competitions during the celebration of "La Mercè" (an important celebration in the city) including the "Torneig Internacional Nostre Senyora de la Mercè". This continued as an epee and/or foil competition during the 70's which is where it began to be called the "Ciutat de Barcelona". From 1982 the competitions began to increase in standard with the dispute of international foil competitions, but it is not until 1986, in the 10th edition of the "Ciutat de Barcelona", when it returns to its origins in Men's epee, steadily acquiring a high index of participation of elite fencers until in 1989, in the "XIV Trofeu Internacional Ciutat de Barcelona" it was granted World Cup status by the Fédération Internationale d'Escrime.

Year after year, the best epeeists in the world rendezvous in the "Ciutat de Barcelona", demonstrated by the fact that Olympic champions, World champions and World Cup winners of the last two decades have all participated in recent editions of this famous competition.

The main difference of this year's competition is that it is to be in Lady's Epee and not men's epee. This change has not affected its Grand Prix status and as such the world's best fencers can be expected to be here.

List of winners of the "Ciutat de Barcelona" since 1986

Weapon	Edition	Type	Countries	Fencers	Year	1st Qualified		2nd Qualified		3rd Qualified		4th Qualified	
						Name	Country	Name	Country	Name	Country	Name	Country
