All participants need to be members of the Dutch Fencing Federation (KNAS) or an FIE liaised fencing federation in another country.

Tournament formula

Depending on the number of participants and time available. Epee and foil will be divided in an A and B half. On sabre, an elimination round will be fought, following the initial round, where all bouts will be fought if time permits. It is the intention of the tournament organisation to provide maximum fencing time to all participants.

If there are less than 4 fencers on one weapon, the competition in that weapon will be cancelled. The registered fencers will then be informed by e-mail.

All participants to the tournament (Ferrum Vetus and Ferrum Vetus Futuri) will be grouped per weapon. The individual results of veterans (not seniors) will be recorded per age category and gender.

Based on the best results of four competitions in one calendar year, floating awards will be granted for the competition. During the first competition of the next year, the past year's awards ceremony for the Ferrum Vetus participants will take place;

- The best man and woman per age category per weapon; tilting cup and souvenir;
- The first man/woman overall per weapon.

Refereeing: Participants will judge the bouts themselves.

Competition

The Ferrum Vetus competition started back in 2004 for veterans (40 years and older) to have a sportive and challenging competition for recreational purposes, several times a year. Fencers from the age of 18 and not older than 39 years of age, are allowed to the Ferrum Vetus Futuri competition, since 2008.

The tournament will be held several times a year on different locations in the Netherlands and is organised by KNAS-Veterans and individual Fencing Clubs.
